

SPRING 2025
TENTATIVE COURSE SCHEDULE FOR MATH 116 ONLINE
 Changes might be possible and will be announcement in MyOpenMath

A Word about Due Dates!

ALL graded tasks have soft and hard due dates and times (Nevada time zone). It is expected that you complete ALL tasks by their soft due dates and times. The hard due dates and/or times should only be used in the unlikely event you had no other alternative. However, if you use them, it is still your responsibility to be mindful of the time constraints as to not incur the loss of points. See Syllabus for more information.

A Word about Times!

ALL times are considered Pacific Standard Time!
