

FALL SEMESTER 2025
TENTATIVE COURSE SCHEDULE FOR MATH 116 HYBRID 8W1
Changes might be possible and will be announced in MyOpenMath

A Word about Due Dates!

ALL graded tasks (practice sets, module reviews, module quizzes) have a due date/time (Nevada time zone). It is expected that you complete **ALL** tasks by then. The instructor is giving "Late Passes" for the practice sets. **THEY ARE A GIFT**, and you cannot demand them back should you use too many because you are not doing your Practice Tasks on time.

Please be aware, that if you use the Late Passes, it is still your responsibility to be mindful of the days they expire for certain Practice Tasks. Check the Course Schedule below.

A Word about Times!

ALL times are considered Pacific Standard Time!

Week 1 (August)
